

## ***COMET ULTRA MOBILITY SCOOTER***

The Comet Ultra is the latest model mobility scooter from the prestigious Invacare manufacturer. Due to a carefully thought out design process and a robust construction, the safety and stability of the Comet Ultra is never a concern; even for users weighing up to 220kg. It's the latest and greatest little scooter you can get your hands on! Developed with the highest quality components and safety features, the Invacare Comet Ultra makes a trustworthy companion no matter where you go. Furthermore, its flexibility and adaptability means you can customise your scooter to suit your unique style and individual preference.

### **Features:**

The safety and stability of the Comet Ultra is never a concern; even for users weighing up to 220kg.

Flexibility and adaptability means you can customise your scooter to suit your unique style and individual preference.

The contoured Ultra Seat has been developed in conjunction with therapists to ensure an optimum seating position.

A pneumatically adjustable lumbar support allows for further comfort when seated if and when required.

Adjustable armrests offer excellent support and allows the use of the armrest as additional support when getting on and off the scooter
