

PEGASUS PRO MOBILITY SCOOTER

The Pegasus Pro has the comfort, safety and reliability with added performance!

Ideal for longer trips into town or afternoons driving around the park with your grandchildren, the new ergonomically designed Pegasus PRO is a powerful scooter. With enhanced battery performance, superior suspension and large 12" wheels, the new Pegasus PRO is ideal for users who need that extra performance. The Pegasus PRO blends this extra performance with all of our existing comfort, safety and reliability features to make it the ideal choice for users who demand more.

Features:

The advanced suspension system brings better performance and gives a smoother ride over a variety of surfaces and terrains.

Features a powerful motor and 12" pneumatic tyres to ensure you get where you need to go in comfort and style.

An on-board electronic speed reduction system automatically reduces speed around bends.

A two-step disengaging lever prevents the scooter from free-wheeling if it is knocked out of drive mode.

The electronics and motor have additional protection to guard against

water and corrosion, safeguarding the vital workings of the scooter.
