

SUPALITE TRAVEL MOBILITY SCOOTER

The Supalite is more than a product, it's about innovation and performance that inspires and fulfils a need. Look around, there is nothing like it. It's not the result of marketing men, committees or audience clinics. A well designed product is one you fall in love with, it has to provoke a real reaction. Our design team have a history of innovation and creating products that customers want to buy. The Supalite is a product you want to engage with now and in the future.
