

RELYNC R1 TRAVEL MOBILITY SCOOTER

R1 from Relync is a compact three wheel scooter that you can ride indoor and outdoor. The Triangular ergonomics are placed in a perfect Center of Gravity with three points of balance to provide ultra balance and comfortable ride. Unlike conventional mobility scooters which are bulky, heavy & rigid, the RELYNC R1 is light weight aviation-grade aluminium. It takes a few seconds to pack up into a suitcase-like package. Not only perfect for travel but also for storage at home .
